Learning Commons

**EDITION**

The College of Science has in store College branded souvenirs for sale at the Provost's Office. These souvenirs are suitable for guests of the College as well as for personal use. They are of high quality and are available for sale at: GHS 30 (La Coste T-Shirts), GHS 4 (Note pad), GHS 15 (Key Holders) and GHS 15 (Brooches).

The College of Science Learning Commons was commissioned, on Thursday 5th October 2017, by the Vice Chancellor Professor Obiri Danso and supported by the Provost, Professor Mrs. Ibok Oduro. It is located at the basement of the College of Science Library. It is a facility under the college to provide congenial reading.

The College of Science Hardware Unit (CoSHU) is also located at the basement and adjacent to the Learning commons. It was commissioned to provide repair services to a range of faulty devices and equipment including laptops, desktop computers, projectors, etc.

The Simulation Laboratory was one of the new facilities in the College of Science commissioned by the Vice Chancellor on the 25th of October, 2017. It is to be used by post-graduate students to simulate their research, results findings and experiments. The lab has five cubicles, an office, classroom and a conference room.

Operations in the research office of the College of Science commenced in March, 2017 and it is under the office of the Provost of the college. It serves as the liaison between the College of Science and the central administrative unit (Office of Grants and Research) for facilitating and coordinating grants and research.
