

THE CSIR 32ND RSA ANNUAL GENERAL MEETING AND 3RD SCIENTIFIC CONFERENCE

2021

19th – 22nd October 2021,
GNAT Hall, Nungua, Accra, Ghana.

CALL FOR SUBMISSION OF ABSTRACTS

About CSIR – RSA AGM and Scientific Conference

The Annual General Meeting (AGM) and Scientific Conference of the Research Staff Association (RSA) of the Council for Scientific and Industrial Research (CSIR) is a gathering of researchers to discuss the state of research in Ghana; share research and development activities of research scientists of CSIR and other organisations in Ghana. The 2021 forum seeks to provide scientists, researchers, policy makers, development partners and graduate students of diverse disciplines the opportunity to seek partnerships, collaborations, and network to develop and/or refine their research programmes.

To this end, the Local Organizing Committee (LOC) of the 2021 RSA AGM and Scientific Conference announces the call for submission of abstracts of original research papers as indicated below:

THEME

Advances in Science, Technology and Innovation for Resilient Food, Health, and Ecological Systems.

Sub-Themes

- 1 ICT For Improved Health, Food Security, Industrialisation and Sustainable Development;
- 2 Green Technologies, Environmental Resources, Pollution and Waste Management;
- 3 Climate Change Mitigation, Adaptation and Socioeconomic Development;
- 4 Science Policy, Information, Governance And Innovations in Technology Transfer; and
- 5 Biotechnology For Food and Nutrition Security, Poverty Reduction and Sustainable Development
